Deep yet brilliantly appealing, LG Black Stainless Steel Series with black stainless steel brings an undeniable luster to kitchen spaces. Baked to Perfection on Every Rack, Every Time

No more getting burned by inconsistent baking. LG ProBake Convection™ delivers even, precise heat on every rack, every time. Inspired by pro ranges, it's the first freestanding range with the heating element moved from the bottom of the oven to the back, so your cookies, cakes, roasts and more are perfectly browned every time.

A Clean Oven in Just 10 Minutes

LG EasyClean® brings you our fastest oven-cleaning feature yet. In just three steps your oven can sparkle, all without strong chemical fumes or

high heat. Simply spray the oven interior with water, press EasyClean and 10 later, wipe away leftover grime. There's even a traditional self-clean cycle for an occasional deep clean.

Cook More

The 6.3 cu. ft. oven capacity give you more space and gives you the flexibility to cook more dishes and larger platters at the same time.

LG's Fastest Boiling Burner

Busy cooks, rejoice: LG UltraHeat 18,500 BTU burners deliver every bit of the precision you love about gas with even more power. No more waiting around to bring water and other liquids to a boil.

A Stylish Take on Convenience

Stop reaching over hot pans to adjust your cooktop burners. Sleek, angled controls put power and visibility at your fingertips while bringing an updated, stylish look to your kitchen.
